Company Overview

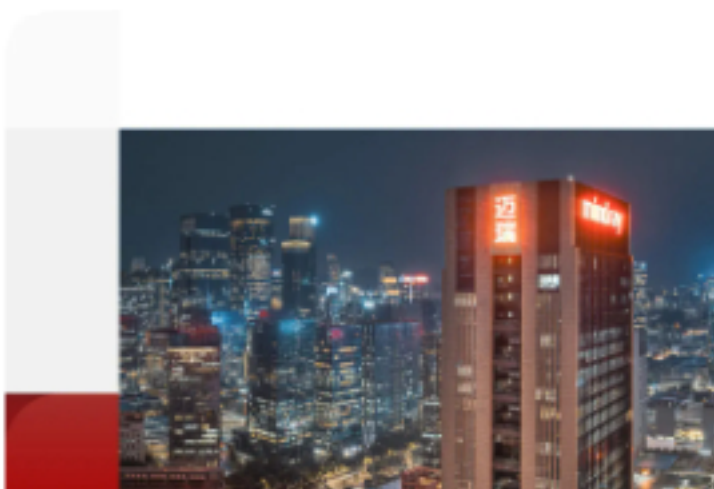

Mindray is mainly engaged in the R&D, manufacturing, marketing and service of medical devices. We consistently deliver high-standard products and services tailored to customer demands. Mindray integrates innovation closely with clinical scenarios to support medical institutions to provide high-quality medical services, help improve medical conditions, and reduce medical costs around the world. Over the years, Mindray has become China's largest and the world's leading supplier of medical devices and solutions. Headquartered in Shenzhen, China, Mindray has more than 50 overseas subsidiaries in nearly 40 countries in North America, Europe, Asia, Africa,

Latin America and other regions, and has 21 subsidiaries and nearly 30 branches in China. Mindray also has established R&D innovation platform based on global resource allocation, with 10 R&D centers located in Shenzhen, Wuhan, Nanjing, Beijing, Xi'an, Chengdu, Silicon Valley, New Jersey, Seattle and Europe, forming a sound global R&D, marketing and service network.

Since founded, Mindray has deeply cultivated medical devices markets and continuously expanded product lines and regions through organic development and external expansion. Mindray has experienced the development process of expanding from a single-product line to a multi-product line, from the domestic market to the global market, and from low-end products to high-end products. Mindray's products currently cover three main areas, namely Patient Monitoring and Life Support, In-Vitro Diagnostics and Medical Imaging

System. Mindray has the most complete product lines in the medical devices industry in China and provides safe, efficient and easy-to-use "one-stop" integrated solution to meet clinical demands.

Mindray's products and solutions have been applied to more than 190 countries and regions around the world. In the domestic market, Mindray's products cover nearly 110,000 medical institutions and more than 99% top tier hospitals in China, including the nationally renowned Peking Union Medical College Hospital, Shanghai Public Health Clinical Center, Shanghai Ruijin Hospital, etc.

In the international market, Mindray has become a long-term partner of the world's leading medical institutions and has won wide recognition from medical institutions in the United States, Britain, Germany, France, Italy, Spain and other countries.
